ULCERPLUS

Sea Buckthorn Berry Pulp
& Aloe Vera

3

SUPPORTS STOMACH LINING
OMEGA 7
RICH IN ANTIOXIDANTS

ULCER+ PROVIDES SUPPORT TO GASTRIC AND OTHER EPITHELIAL TISSUE.

Strong gastric and intestinal tissue is vital for your horse's health and wellbeing. This tissue may become compromised during times of stress. Ulcer+ provides a source of Sea Buckthorn berry pulp and Aloe Vera leaf juice. Sea Buckthorn berry pulp provides exceptional levels of Omega-7 fatty acid and diverse free radical fighting compounds. Clinical research has shown that feeding Sea Buckthorn berry pulp to horses supports the health of the stomach lining, especially in the glandular region. Aloe Vera has also been shown to support horses with gastric ulcers and the guaranteed levels of aloe polysaccharides in Ulcer+ serve as a prebiotic, helping to promote gastrointestinal health as well as immune function

Palmitoleic acid is found throughout nature in many plants and is a major constituent of the cells making up the gastrointestinal lining and skin. Only the macadamia nut provides more Omega 7 than Sea Buckthorn berries. This makes Sea Buckthorn berries the most abundant source of Omega 7 fatty acid available to horses. Additionally, Sea Buckthorn berries are a rich source of diverse antioxidants.

The Aloe Vera inner leaf juice used in Ulcer+ provides guaranteed levels of aloe polysaccharide. Just 6 oz. of Ulcer+ is equivalent to feeding 2 cups of Aloe Vera juice. Thanks to a patented processing technique, the Aloe in Ulcer+ contains 300 times more of the bioactive medium molecular weight polysaccharides than other forms of Aloe. These polysaccharides are directly linked to the health benefits commonly associated with Aloe, including digestive and skin health, as well as immune function.

- + SUPPORTS INTESTINAL HEALTH
- + NEUROENDOCRINE SUPPORT
- + SUPPORTS IMMUNE FUNCTION
- + HEALTHY SKIN

DIRECTIONS FOR USE

3 oz twice per day

For best results shake well and feed Ulcer+ orally at meal times. Give **3 oz.** twice per day to support gastric health and during times of stress, or **1.5 oz** twice per day for skin and health maintenance.

ACTIVE INGREDIENTS

per fluid ounce:
Organic Sea Buckthorn pulp 10,600 mg, Aloe Barbadensis Leaf Juice 400 mg
Inactive Ingredients:
Water, potassium benzoate

STORAGE

Seal tightly after use and store out of direct sunlight. Use within 90 days after opening.
